RSVP for CES 2018

Dear Crystal,

Please join us as a special guest of the Consumer Technology Association (CTA)™ at CES® 2018, Jan. 9-12, 2018 in Las Vegas, NV.

As a participant in our Leaders in Technology (LIT) program, you will:

- Experience how the consumer technology industry drives the American economy and provides millions of U.S. jobs.
- Interact with cutting-edge technology such as VR, 3D printers and self-driving cars.
- Discuss policy issues that impact emerging technologies in the U.S.

The program is designed to meet the requirements of the ethics committees of the U.S. Senate for privately-sponsored travel. Pursuant to the rules, we are permitted to pay for no more than two nights and one day, subject to approval. The program, including guest rooms and the Leaders in Technology suite, is headquartered at the Encore at Wynn Hotel.

CTA is offering to provide your roundtrip airfare, lodging, transportation in Las Vegas from and to the airport, as well as the show sites and group meals during your stay in Las Vegas. Attached please find the required Private Sponsor Certification Form and list of Senate staff invitees for your review. This form will need to accompany your request to the U.S. Senate Selection Committee on Ethics for approval of privately-sponsored travel. CTA is not a lobbying firm, but does employ federal lobbyists.

Register today at CES.tech. *This is a limited, non-transferable invitation and we ask that you reply by Nov. 17.*

We hope that you will be able to join us for the Leaders in Technology program at CES 2018 - the global stage for innovation.

Sincerely,
Gary Shapiro
President and CEO

Senate Privately Sponsored Travel Certification Form Attachment for Travel January 8-10, 2018

13. The Leaders in Technology Program (LIT) at CES allows high level public policy makers and technologists to learn from more than 3,900 exhibitors and thousands of new products that contribute to a dynamic industry that supports an expected \$1 trillion in retail sales worldwide. The program provides information and insight to assist officials in evaluating federal policies that affect the consumer technology industry. The LIT program advances the mission of CTA to provide practical resources to help companies grow every facet of their business. CTA is where technology connects, collaborates and contributes. CTA helps companies succeed through research, events and an extensive network of councils and working groups covering everything from public policy to technology standards.

21. The expense for attendance at CES 2018 exceeds the federal per diem rate. This is in part due to a dinner that is being offered as part of the convention and available to many attendees other than Congressional members and staff. All meals are standard conference meals, open to all Leaders in Technology participants and are held without regard to political participation. Price is specified by the catering service. Meal expenses are \$38 for breakfast, \$45 for lunch, \$125 for dinner. Other expenses are surcharges, taxes and gratuities charged by the venues. Meal costs are fixed for all conference attendees at the negotiated rates set by the venues.

The lodging rate of \$379++ also exceeds the federal rate. This is due to that fact that Las Vegas hotels are at capacity during CES. This lodging rate is available to all CES attendees and was the best available negotiate rate for this property. The hotels are chosen for the accommodation requirements for (1) a large group of over 170,000 attendees and (2) easy access to the CES show floor, conference sessions and meeting space.
